COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

COMMISSIONER FOR PATENTS
ALEXANDRIA, VIRGINIA 22313

SIR:

Applicant acknowledges with appreciation the indication of allowability of the claimed invention. In response to the Examiner's Statement of Reason for Allowance in the Notice of Allowance of February 7, 2006, Applicant respectfully submits the following comments.

The Examiner's Statement of Reasons for Allowance on page 4 of the Notice of Allowance mailed February 7, 2006 states in part:

(d) said controller grasps said excessive source amount when the obtained resource amount is smaller than the initial resource amount; (e) said controller determines if it is possible to additionally define said newly requested signal processing function to said resource by comparing the grasped excessive resource amount with the resource amount necessary for defining, to the resource, the newly required signal processing function of the resource.

However, it is respectfully noted that the above description does not reflect the amendment to Claim 8 submitted on April 13, 2005. Accordingly, it is respectfully submitted that Claim 8 should be construed based on the amendment filed April 13, 2005, not the original claim language quoted by the Notice of Allowance.

Respectfully submitted,
